

## OCALA OCCURENCES

Schools open a week from Monday morning.

In a lively game at Hunter Park yesterday, the home team bested Belleview 3 to 1. Belleview has an excellent team. It is to be hoped it will be here often next season.

Messrs. V. I. Hancock and Robert Blake autoed to Dunnellon yesterday.

Among the delighted visitors this summer at Idlewild, the Lake Weir home of Mr. and Mrs. D. E. McIver, were Mr. and Mrs. M. A. Rice of Citra.

Judge J. R. Willis of Bronson said he heard that Williston was going to make a protest against the election. Don't see why—another election will cause it to be beaten worse.

A card from Miss Ellie B. Tydings at Matanzas, Cuba, announces her safe arrival in that city. She has accepted a position as teacher in the Methodist college located in that city.

Frank Bogie, who has been at the hospital for some weeks, was taken home yesterday, and will soon be out again.

Charlie Fox has arranged one of Gerig's show windows with a most tempting array of soap. A look at it would incline even a tramp to take a bath.

Several people say most alluring sights are to be seen at Salt Springs.

The Seaboard Air Line has been making a record for its passenger schedules during the past two months. The Florida division between Jacksonville and Tampa made 100 per cent, while the entire system averaged 94 per cent.

Mr. Harry L. Borland, one of the large orange growers of the Citra section, and vice president of the Florida Citrus Exchange, was among the prominent visitors in Ocala yesterday afternoon.

Mr. Percy L. Billingsley came up from Orlando Thursday, to attend to business and see his Ocala friends. He says he will surely be in Ocala during fall week. He returned to Orlando today.

The many friends of Mr. Malcolm Williams will regret to learn of his sudden illness last night at his home on Port King avenue.

Mr. LaGrange Sistrunk is sitting up today for the first time since his operation at the hospital several weeks ago. His many friends hope to see him out again in a few days.

Mr. L. N. Green has purchased the Reo touring car, formerly owned by Mr. Chambliss, and with his interesting family are sharing their pleasure with their friends.

### WEATHER FORECAST

Threatening with probably showers tonight and Saturday.

The Temple tonight will give its friends another episode of "The Diamond from the Sky," beside "The Confession," an excellent two-reel drama and Ham and Bud in a Kalem comic.

Mr. Holmes Walters, who was operated on last evening at the hospital, is doing as well as could be expected under the circumstances. Mr. Walters had a very aggravated case of appendicitis. He has a host of friends in Ocala who will wish him a quick recovery.

Mr. J. R. Martin left today for Atlanta to spend a few days with his children. He will place his son, W. M. Martin, who graduated last year from the Georgia Military Academy, in Georgia Tech, where he will take a special course in electrical engineering. Miss Sarah Pearl Martin will resume her studies at Washington Seminary.

The Star regrets to report the severe illness of Mrs. T. C. Clayton. She was taken to the hospital this morning.

Mr. Claude Campbell, who is with a surveying company near Lake Harris, is engaged laying out a plat that will be called "Atula," also he will be engaged for several months at another location that is to be known as "Hewey." With the progress of good times and the coming of new citizens Floridians may well expect any number of new towns to spring up during the winter.

Our sheet music stock is up-to-date. Daily demonstrations. 82-24t. Lattner's Piano Store.

Mr. Henry G. Dunn, one of Marion county's prominent citizens of the Citra section, is in the city today on business.

Judge J. R. Willis of Bronson, came over this morning to get the official count of the Bloxham vote of Tuesday's election in Marion county. He returned home via Gainesville this afternoon after receiving the congratulations of a number of Ocalaans on the splendid victory he helped to win against the slicing up program of the Bloxhamites.

Miss Annie Needham is the guest of her sister, Mrs. Milton C. Jones at her home at Daytona Beach for several weeks.

### BUILDING THE PACKING HOUSE

The big packing house for the Ocala Citrus Growers Association is well under way. The house is located in the corner made by the crossing of the S. A. L. and A. C. L. railways on property owned by the Taylor brothers, and is being built by them for the association. The building will be 80 by 120 feet, one-story high, with walls 16 feet high at the eaves, giving a great height in the center, as the building will be unceiled for the present. The building will be covered, sides and roof, with corrugated galvanized iron, and will cost about \$7500. The packing plant and field boxes will cost about \$4500. The building will be finished and the machinery installed and ready for operation by the 15th of November. This plant will be one of the best and most modern in the state.

### INDUCEMENTS TO ENLIST

Wanted—Five sturdy young men 17 to 21 years old, for permanent, year-round job. To those who can qualify and are accepted, we will furnish absolutely free sixty dollars worth of clothing at wholesale price, pay will be \$17.60 for the first four months, then raised to \$10.90 per month, with board and ben included. Steady advancement is promised to those who will apply themselves. Apply at the Star office Monday morning at 8 o'clock.

If the above ad were to appear in the want column of the Weekly Star, the following Monday morning would see a steady stream of applicants hitting the pike in all directions bound for Ocala. There would be a mob around the Star building that would block traffic on the railroad. And yet Uncle Sam holds out the offer daily as outlined above as follows:

1. Young men without trades or special training for an occupation that may be followed in the navy, can only enlist in the rating of apprentice at \$17.60 a month. The pay of all men starts the day they are sworn in and continues during the course of training or instruction, for which no charge of any kind is made. Apprentices after spending about four months at a training station, go aboard cruising ships with an advance in rating to \$20.90 a month.

2. The navy requires so many technically trained men that from the men enlisting as apprentices, hundreds are selected each year both for instruction in the trade schools of the navy, and to assist the mechanics aboard ship, thereby learning trades. All recruits are eligible for such selection, and qualified men aboard ship may be promoted to fill vacancies in the artificer's branch at any time. After entering the service, the fact that a man is under the age of 21 will not militate against his promotion to any rating for which he is qualified.

3. Free outfit of clothing amounting to \$60 is furnished every enlistment man of the navy on first enlistment.

Now the above explains briefly what any young man between the ages of 17 and 21 years can do to get a good start in life and attain to some position between the foot and the top of the ladder of achievement. There should be five hundred such boys in Marion county able to qualify for the above job.

I know of a man who has retired from the navy, who sends his aged father and mother twenty dollars a month out of the surplus of his life pension, and this aged couple live right here in Marion county, and I will tell you more about it later.

Belleview, Sept. 16. E. A. T.

### A PINE WHOOPING COUGH REMEDY

Mothers, Dr. Bell's Pine-Tar-Honey is just the remedy for your children's cold ailments. The fact is that pine is a quick enemy of cold conditions. Its qualities loosen the mucous in the throat, soothe the lungs and open up the air passages. The combination of honey, soothing and pleasant, with the loosening pine quality makes this an ideal cough remedy for children. Each passing year brings for it, new friends. A family of growing children cannot afford to be without it. 25c a bottle. No. 3.

WE WILL OFFER SOME GREAT VALUES FROM 6 TO 10 O'CLOCK WAIT FOR OUR STORE TO OPEN.

### RHEUMATISM AND ALLIED PAINS—THEY MUST GO!

The congestion of the blood in its own causes pain. Sloan's Liniment penetrates to the congestion and starts the blood to flow freely. The body's warmth is renewed; the pain is gone. The "man or woman who has rheumatism, neuralgia or other pain and fails to keep Sloan's Liniment in their home is like a drowning man refusing a rope." Why suffer. Get a bottle of Sloan's. 25c. and 50c. \$1 bottle holds six times as much as 25 cent size. No. 3.

Without Prejudice. A party of young men and women, members of a sketching club, were motoring along a country road. Just within the fence on the left grew innumerable graceful stalks, each bearing globes of pale green that shaded into gray and purple. "How enchanting!" exclaimed one young woman. "Do tell us," said another young woman, equally enthusiastic, to a gardener standing near, "what those beautiful things are." "Them? Them's onions gone to seed."—New York Times.

Rice in Costa Rica. Rice is one of the most important articles of food used in Costa Rica. It is eaten at least twice a day by every inhabitant of the republic. The per capita consumption of rice in Costa Rica is thus at least 100 pounds per year and the total amount of rice consumed over 30,000,000 pounds per year.—Exchange.

Close Attachment. "Chiggs is always seeking new attachments for his motorcar." "He has one now that will hold him for awhile." "What kind is it?" "One furnished by the sheriff."—Birmingham Age-Herald.

Flight of a Raindrop. The velocity with which a raindrop falls depends on its size and the height from which it started, but ordinarily it travels a rate somewhere between three yards and six yards a second.

### GET RID OF THOSE POISONS IN YOUR SYSTEM!

You will find Dr. Bell's New Life Pills a most satisfactory laxative in releasing the poisons from your system. Accumulated waste and poisons cause manifold ailments—dizziness, headache, spots before the eyes, blackness and a miserable feeling generally are indications that you need Dr. King's New Life Pills. Take a dose tonight and you will experience a grateful relief by morning. 25 cents. No. 3.

Ask for BUTTER NUT bread and don't let anyone make you believe that any other is "just as good." Fresh every day at Carter's bakery. 17-6t

### Momentous Future In Woman's Mind

The expectant mother revolves in her mind all we understand by destiny. And it is of the utmost importance that her physical comfort be our first thought. There is a most splendid remedy for this purpose, known as "Mother's Friend." It is applied over the muscles of the stomach, gently rubbed in, and at once penetrates to relieve all strain on nerves, cords, ligaments and all parts involved. It makes the muscles so pliant that they expand naturally. And at the same time they are invigorated by the absence of harassing pains so apt to distress the mind. Whatever will add to the comfort of the expectant mother is a great and helpful influence since a calm and peaceful period must have a wonderfully beneficial impress upon the coming child. Get a bottle of "Mother's Friend" of any druggist and you will realize why so many women declare it to be the most helpful remedy they know of. Write today to Bradfield Regulator Co., 442 Lamar Bldg., Atlanta, Ga., for a splendid book of great interest and value to every expectant mother.

Leader of family of 122 JAX BISCUITS—cakes, crackers. List on wrappers. At dealers JAX BISCUIT Made in Florida. No long journey in closed cars. Guaranteed fresh. Jax Crax Wks., Inc., Fla.

Compulsory Drinking. Compulsory abstinence would have seemed a complete inversion of the natural order to some of our ancestors. They believed in compulsory drinking, and in some old county manstons may still be seen, I believe, a ring let into the wall of the dining hall for the punishment of the man who would not or could not drink his allotted share of liquor.

The culprit's arm was fixed in the ring, and he was given choice of drinking in the ordinary way or having the liquor he refused poured down his sleeve; hence the medieval jest, "Leaving's sleeving."—London Standard.

Animated Scenery. Of sanctuaries for the eighteenth century debtor the value of the theater must not be overlooked. As long as the actor was in the bounds of the playhouse he was safe. There was John Palmer, for instance, who lived in his dressing room at Drury Lane for months. But engagements, even at Drury Lane, come to an end, and at length Palmer was required at the Haymarket. The journey was a dangerous one. Necessity, however, always fosters invention. They packed him in a cabinet, put the cabinet in a cart and called him "scenery."

Wasn't the Uniform. A sailor under the influence of liquor went to the main entrance of a New York theater recently and presented a ticket. The manager refused to admit him, telling him that his money would be refunded at the box office.

"Don't you respect y'r country's uniform?" asked the belligerent one. "Sure," retorted the manager. "Take it off and I'll put it in a stage box."—Philadelphia Ledger.

Infallible. "Do you believe that there is really something which can invariably tell when a man is lying?" "I know it." "Ah, perhaps you have seen one of the instruments?" "Seen one? I married one."—Houston Post.

Dying Without a Will. In the event of one's dying intestate the heirs come in for their share of the estate as established by the laws of the particular state in which the property is found. In the event of no will and no heirs the property goes to the state.—New York American.

Time to Quit. Chief—Why did Burgaleer reform? Thief—The last safe he drilled and blew open only contained a picture post card of the state prison.—Judge.

He that would eat the kernel must crack the nut.—Persian Proverb.

### NOT EQUAL TO CHAMBERLAIN'S

"I have tried most all of the cough cures and find that there is none that equal Chamberlain's Cough Remedy. It has never failed to give me prompt relief," writes W. V. Harner, Montpelier, Ind. When you have a cold give this remedy a trial and see for yourself what splendid medicine it is. Obtainable everywhere.

Too Long to Be Entirely Valid. Oliver Knox read some published letters in a breach-of-promise suit, and laughed. "This idiot wrote to the girl that he would love her always," he commented. "Now I contend that 'always' is the longest word in the dictionary, and no wise man ever uses it." "No," retorted his discerning wife, "and no wise woman would believe him if he did."

## Most Eminent Medical Authorities Endorse It.

A New Remedy for Kidney, Bladder and All Uric Acid Troubles. Dr. Eberle and Dr. Braithwaite as well as Dr. Simon—all distinguished authors—agree that whatever may be the disease, the urine seldom fails in furnishing us with a clue to the principles upon which it is to be treated, and accurate knowledge concerning the nature of disease can thus be obtained. If backache, scalding urine or frequent urination bother or distress you, or if uric acid in the blood has caused rheumatism, gout or sciatica, or you suspect kidney or bladder trouble just write Dr. Pierce at the Surgical Institute, Buffalo, N. Y.; send a sample of urine and describe symptoms. You will receive free medical advice after Dr. Pierce's chemist has examined the urine—this will be carefully done without charge, and you will be under no obligation. Dr. Pierce during many years of experimentation has discovered a new remedy which is thirty-seven times more powerful than lithia in removing uric acid from the system. If you are suffering from backache or the pains of rheumatism, go to your best druggist and ask for a 50 cent box of "An-uric" put up by Doctor Pierce. Dr. Pierce's Favorite Prescription for weak women and Dr. Pierce's Golden Medical Discovery for the blood have been favorably known for the past forty years and more. They are standard remedies today—as well as Dr. Pierce's Pleasant Pellets for the liver and bowels. You can have a sample of any one of these remedies in tablet form by writing Doctor Pierce.—Adv.

## Many Kinds of Rheumatism One Sure Mode of Treatment

Authorities Say Don't Use Liniments. Treat It Through the Blood. You Can't Rub It Out!

Whether your trouble is Sciatica, Lumbago or the dreaded Articular Rheumatism, the answer is the same. You must treat it through the blood. That is the only way to rid the system of uric acid, purify the blood and revitalize the nerves. If the blood is freed from impurities, Rheumatism must go. This in short is the exact knowledge gained by the research laboratories of the S. S. S. Co., in Atlanta. There tests have been made for fifty years. They know what Rheumatism is. They know that S. S. S., the remarkable blood tonic, which

they originated, will relieve you of Rheumatism. Take S. S. S. today. The complete recovery of thousands of sufferers by the use of S. S. S. is positive proof that you can be relieved. S. S. S. is a blood tonic—a purifier that restores the blood, revitalizes it, cleanses it, makes it pure as it was before it became poisoned with impurities. S. S. S. gives it strength to drive out these impurities—the uric acid and organic poison and with it the Rheumatism. Get S. S. S. at your druggist's. If you need special advice, write to S. S. S. Co., Atlanta, Ga.
